Hi Laszlo,

Fantastic.

Are you free this week at any point?

I'm on Central European Time so hopefully timezones won't be a problem.

Let me know!

Looking forward to it.

Warm regards,
Cameron Borg.

Hi Laszlo,

I just wanted to reach out to you to see if you'd be interested in speaking with me on my podcast about your work.

I've just started my Master's thesis with your colleague Roman Zubarev at Karolinska and I know Gabor and Stephanie well. As I dig deeper into isotopic effects, I thought it would be great to pick your brains a little to help me gain a better understanding of isotopic effects — particularly on growth and cancer. It seems there's so much more to be explored.

If you have some time in the coming weeks or months it would be great to speak with you.

Let me know what you think!

Warm regards,
Cameron Borg.
